

My soulmate, my lover, my queen, my woman,
Mybaby, my heartbeat mistress, my sweet delight,
My cutie patootie, my Ini, my penguin,
My better half, my everything, my best friend,
My Sunshine,
So many names I have for you and so many more to
come,
I want you as my wife and I'm waiting,
I need you,
Just like I waited for you, knowing you were worth it,
You exceed my expectations, you always have and
you always will,
Your voice, your laugh, your Nebula eyes, your hugs,
your body, your sweet lips and your kisses,
You,
You've changed my life, for I am better with you
You give me joy and pleasure and life,
From dreams of you to nights that are dreams come
true,
I am so grateful that our paths not only crossed, but
intertwined as one,
Forever, I am yours,
Thank you for the best year of my life,
I love you completely.
-Your one-year-baby.
